Mr. Tim Sheehan
Executive Director
Norwalk Redcvelopment Agency
125 East Avenue
Norwalk, CT 06851

Dear Mr. Sheehan:

Please allow this letter to represent my support of the City's proposed plan for the redevelopment of West Avenue. I believe the project is important to the economic future of Norwalk, and provides a crucial link between South Norwalk and Wall Street. The planned large-scale mixed-use project of retail and housing will provide the critical mass necessary to jump-start the revitalization of Norwalk's downtown.

As a long-time Norwalk resident, and being active in such local organizations as the Board of Education, Knights of Columbus, St. Matthew Church, and the Greater Norwalk Chamber of Commerce, I commend the Agency on holding such a significant number of public meetings relating to the project, listening to the community, and keeping the process open and fair.

It is with pleasure I support the Agency's recommendation for the redevelopment of West Avenue, and look forward to seeing our great city continue to improve.

Sincerely,
